

## CORPORATE COACHING OPTIONS AND PACKAGES

We skillfully work with employers to set goals for continued employee and team member growth. A unique relationship is formed with the employer to understand expectations of employee and then coach with the employee to reach the expectations.

Coaching is a partnership that will help you achieve successful results in your personal and professional life.

## COACHING PACKAGES

### PACKAGE 1 Directional Coaching for Employees

This is an employee development program to support employers in developing a team member in building their potential. First appointment is set with Coach and employer. A clear picture of the skills to be developed are discussed and the coach is informed upon the desired outcome.

While coaching is totally confidential between the coach and coachee, a check in appointment will be made at the half-way point with the employer to discuss expectations.

#### Investment:

6-months of twice-monthly coaching - 45-60 min sessions. The first session is ELI assessment and debrief. This report reveals what is blocking your potential.

Cost...\$4200 - 2 employer sessions/ 12 employee sessions

### PACKAGE 2 Leadership Coaching for Employers

Have you reached your potential as a leader? If you lead a team and want to be a stronger more effective leader of Action, Accountability, and Follow-up this development package will support your growth.

Your coach will support and hold you accountable as you reach for your goals through commitment and practice.

#### Investment:

4-months of twice-monthly coaching - 45-60 min sessions. The first session is ELI assessment and debrief. - This report reveals what is blocking your potential.

Cost.... \$2400 - 8 employee sessions
